

Reason to Get A Reading with Master Guide Kirael  
By Kahu Fred Sterling

I have been the exclusive medium for Master Guide Kirael, a spirit guide for the 7<sup>th</sup> dimension since 1986. We together made an arrangement eons ago to be here for this Great Shift in Consciousness on planet earth. The last time together was about 50,000 years ago assisting Lemuria through another shifting process.

We have partnered together to assist medium-age people (like you) advance their consciousness from the third dimension to the fourth dimension by way of healing from fear, to love, to Inlightenment. I have two passionate roles in life. I the medium lend my vocal cords to Master Guide Kirael to give guidance to those seeking a deeper life's purpose and/or seeking deeper answers to the choices made for the purpose of taking advantage of the energy of these shifting times to advance their soul age. My other role is, I am a master Lemurian healer perfecting my skills for the past 20 plus years. My Signature Cell Healing modality, 10 Principles of Consciously Creating and other books were in collaboration with Master Guide Kirael.

I am not a channel. I am a Medium like Edgar Cayce, born in 1877, who went into a deep state of sleep or trance state to bring information through from higher realms of reality. He, like me assisted people who could not find answers that were relevant to their life challenge on the third dimension. In studying his life and work, I found it fascinating and very familiar. I would be very fortunate to have an aspect of his light in me.

When you have a consultation with Master Guide Kirael, I move my consciousness completely aside by closing my eyes while taking a deep prana breath. While in state I never hear anything. It's just you and Master Kirael. Sometimes, not too often, things talked about gets download when it is necessary.

In the book Kirael: Lemurian Legacy for the Great Shift, Kirael talks about the three phases of ancient Lemuria on planet earth, 'first life' shifted to 'common times' that shifted to 'transition time'. I believe we are experiencing something very similar. In that planet earth is currently shifting from a third dimensional consciousness, to the 4<sup>th</sup> light dimension with a fusion of the fifth dimension. We have done it before and now we are going to have the chance to get it right. We humans have come to take part in this special event for the expansion of consciousness in a huge way to age our soul.

All of this to the side, I still am a medium for this most mystical being from the seventh dimension. He is able to go into the depths of the Akashic records and review your past and future lives and speak of its relevance to the present. He can speak to you on the origin of your core light essence and guide you accordingly to move forward. He'll share with you your plight as a Goddess, Galactic, or Angel that which have significance in resolving your challenges.

This brings me to the crux of this message. I believe that Master Guide Kirael is the most advance spirit that has come to this plane of consciousness. He knows the human experience very well because he spent may lifetimes on earth to elevate his soul age. So whether you want to know something about your past lives that is truly affecting your present life, and may well affect your future.

Once I get myself out of the way to let Kirael the use of my vocal cords, you may feel like you're talking to that ever so loving grandfather energy. He knows absolutely everything about you and will guide you without jeopardizing your free will for your soul's highest good.

I have been doing private sessions for this gentle and all knowing highly spirited light being for almost 30 years. I can truly say that everyone seem to be completely astounded by their private session with Kirael and they say it was well worth the money spent. When you are in the presence of his energy, healing occurs on 4 levels, physical, emotional, mental and spiritual.

The cost for a session with Master Guide Kirael is \$495 for one hour. When you know its time to talk to Kirael privately, the money will not be a problem. It will be a session you will have to listen more than once, seven times is recommended. With each listen you will hear something new. Why? Because each times you will open your heart and listen at a deeper level. And the healing process continues.

Thank you for your patience in reading this long message. I look forward to hearing from you.
